Maximum Quantity Listing

Alabama Medicaid provides reimbursement for most covered outpatient pharmacy drugs based on a 34 day supply. Some maintenance classes are required to be billed as a three month supply; however, this listing is based on a 34 day supply. Maximum units are based according to Food and Drug Administration (FDA) approved indications. If a patient needs a quantity greater than the current maximum unit quantity, an override request including appropriate medical justification must be submitted. **The list is subject to change.** For additional PDL and coverage information, visit our drug look-up site at <https://www.medicaid.alabamaservices.org/ALPortal/NDC%20Look%20Up/tabId/39/Default.aspx>.
